# N-CODE

## Next-Gen Commercial Operations in Defended Enclaves

N-CODE pilot will inform Army learning on how to improve Defense Industrial Base (DIB) cybersecurity

N-CODE provides a secure and defended, cloud-based office productivity environment for **small/medium businesses (SMBs)**

FEDRAMP certified cloud

ARCYBER defensive overwatch

N-CODE is unique, but aligns to the DoD cybersecurity strategy

**Overall, reduce SMB burden to implement cybersecurity**

[Deputy Assistant Secretary of the Army \(Data, Engineering, Software\)](#)
